Subject: Screening of arrested person for COVID-19 - regarding

Sir

I beg to state that it is reported that the Medical Officers on duty are reluctant to screen the arrestees for COVID-19 as and when request made to them. It cannot be ruled out that arrested persons are not infected by COVID-19 virus. Non-screening of arrested persons for COVID-19 symptoms may lead to spread of virus among the inmates at the lock-up and may spread in the community.

It is therefore, requested that all medical officers of districts in Mizoram may kindly be instructed to conduct screening of arrested persons for COVID-19 symptoms during their medical check-up.

Your early action in this regard is solicited.

Yours faithfully
